

# Our School

**Always looking forwards, innovating what we do to ensure the best possible education for all of our pupils.**

- A commitment to recruit only high quality teachers who are constantly kept up to date with the best ways to develop learning.
- An innovative and exciting curriculum engaging pupils in their learning.
- Good facilities for all learning including cooking, design and technology, computing, sports and arts.
- An idyllic countryside environment used further to enhance learning

**“Pupils at Clavering Primary delight in their learning. They are highly motivated to work hard and do well. They particularly appreciate the huge range of opportunities for them to learn new things outside their day-to-day lessons”.**  
OFSTED May 2022

# Our Children

**We develop pupils who not only achieve high academic standards but are well rounded, independent and enthusiastic young people.**

- Pupils leaving the school consistently attain results that are well above the National Expectation.
- Dedicated teachers know each child's individual strengths so that work is tailored to maximise their potential.
- A variety of extra curricular clubs, which provide a broad range of activities: sporting, musical, and artistic.
- Pupils are articulate and confident, able to leave the school ready for the next stage in their education.
- An array of opportunities and experiences which extend learning outside of the classroom

**“Pupils’ behaviour and focus on their learning are excellent. Staff support any pupils who find it harder to concentrate and focus in a positive way. The curriculum enables pupils to learn a great deal about life beyond the local area”.**  
OFSTED May 2022

# Our Values

**A family community , where adults and children genuinely care for one another.**

- Every child is known by name and their strengths are nurtured.
- Older and younger children work together, play together and support each other.
- A supportive Parent Association significantly enhances the opportunities available for all children.
- Children develop resilience and a positive attitude towards their learning, through a variety of stimulating and enriching experiences.

**“Pupils’ behaviour is exemplary. They are polite and friendly. They say that everyone is quickly made to feel welcome in their school”.**  
OFSTED May 2022

**“I love how the teachers are so kind and the lessons are fun, and how we all play together across the school.”**
