

CLASS 2

Class 2 have had a fantastic time this Autumn term and the children have worked extremely hard on all their learning. In geography the children found out about the seven continents and five oceans and demonstrated brilliant map skills, through History they learnt about the Gunpowder Plot and the roles of Guy Fawkes, Thomas Percy and Robert Catesby.

Art gave children the opportunity to find out and create art work in the style of the abstract artists Paul Klee, Wassily Kandinsky and Piet Mondrian. We used different mediums such as pencil drawing, collage and paint; the children observed existing artwork very carefully. The children used their art skills to create remembrance pieces; beautiful fields of poppies.
