

## CLASS 2 CONTINUED...

In PE the children have worked on their ball skills, fundamentals, gymnastics and were even lucky to have a visit from Ms Dunlop (JFAN) who did lots of exciting PE skills with class.

In Science the children have learnt about animals, including humans and living things and their habitats.

Through the RE theology question 'why is light an important symbol?' the children have explored Hinduism, Christianity and Judaism to find the importance of the light to those religions and when light is used for celebrations/festivals.

The class worked really hard with year 1 to create a fantastic performance of 'Lights, Came, Action!'. The children learnt their lines, dance routines and all the songs and did a brilliant show for the dress rehearsal to Reception & Key Stage 2 and all our wonderful families.
