

## CLASS 3

In Art Class 3 are learning about Quentin Blake. We researched into his life, we found out that not only is he an illustrator but he has written a collection of children's books! We created 'Quentin on a page' containing facts about his life and some of his most famous drawings.

We cannot wait to start creating our own characters in his style next week!

## CLASS 4

In Art this week, we have been studying how nature can be captured in photography. We selected some photographs of different nature scenes and analysed the art by describing the colours and textures. Some of us then thought of interesting titles to give each photograph.

## CLASS 5

Last week, the children used close observation in art – they looked at and painted the clouds in the sky. They then used these images to help them write spectacular poems, using metaphors, about the sky. We were very impressed with these poems and the thought that the children put into them.

Thursday 27th April  
Let's use close observation to develop metaphors for use in poetry.

## CLASS 6

This term Class 6 have started to learn about Islam and the beliefs of Muslims. We have looked at the features of a mosque and compared them to those of a church or temple. This week we have learnt about the Five Pillars of Islam: Shahadah, Salah, Sawm, Zakah and Hajj.

Shahadah- The declaration of faith.

Salah - Pray 5 times a day.

Zakah - Give 2.5% of earnings to charity.

Sawm - fasting: not eating or drinking for a month between sunrise and sunset.

Hajj - Making a journey once in your lifetime to a special place called Mecca.

Next week is SATs week for Class 6, all the children have worked very hard to get ready for these tests and we are sure they will all do their best. Good Luck Class 6!
