

## CLASS 5

Year 5 practised their travel writing to describe the tourist attractions of France and produced persuasive posters to tempt visitors to the country. They also produced charcoal portraits of French artists – see Cezanne and Bonnard below – and worked in groups to produce their own ratatouille dishes, which they shared with their buddies in Year 1 in the afternoon. They worked in groups to teach Year 1 some French games, from 'Chien, chien, souris' to 'Escargot' – ask them and they will teach you what they know!

## CLASS 6

Year 6 have enjoyed visiting Forest School. We have been climbing trees plus making swings and harnesses using ropes. Mrs Elliston brought her hammock to Snail Wood, which was a challenge to get into and to stay in! We looked for different insects and minibeasts among the trees and plants. Louisa found a frog or a toad, she's not sure which and there were lots of woodlouse and snails. We worked together and had great fun!
